# South East Asia's largest machine tool, precision engineering and metalworking technology exhibition

Machine Tool Indonesia is the largest sector of the Manufacturing Indonesia series of exhibitions. Now in its 31st edition, Machine Tool Indonesia has established itself as the leading international trade show for Metalworking Machinery, Equipment, Materials and Services in the ASEAN region.

This annual event continues to provide a platform for international companies to enter the ASEAN market and showcase their products to the region's most important buyers of manufacturing technology. Now is your chance to join over 2,100 exhibitors from all over the world and meet face-to-face with over 36,000 decision makers.

## Strength of the market

Indonesia is one of the world's leading emerging economies and is the third fastest growing economy in Asia. It has a population of over 251 million and a growing affluent middle class which is estimated to be at least 35 million. The largest economic sector in Indonesia is manufacturing and processing, which contributes around 24% of the Gross Domestic Product. Exhibiting at Machine Tool Indonesia will give you unique access to this market of increasing global importance and the chance to establish and promote your business in a cost-effective way.

### TRADE VISITORS

31,580

### SHOW SIZE

36,444m<sup>2</sup>

### INTERNATIONAL PAVILIONS

22

## SPECIALISED SECTORS

Metal Cutting

Sheet Metal Working

Tooling

Automation

Materials Handling

## Indonesia's leading organiser

Over the last 40 years, PT Pamerindo Indonesia has built a first-class database of Indonesia's key engineering and manufacturing decision makers. The best exhibition marketing team in South East Asia and our local market knowledge means we will bring you together with the right people. PT. Pamerindo Indonesia is supported by 50 representative offices worldwide to ensure high quality, international events.

## Business opportunities

Indonesia is the heartbeat of the ASEAN region, boasting the largest economy and remaining the single most important manufacturer by both volume and value. This is reflected in the size of Manufacturing Indonesia, which continues to grow each year, whilst attracting the leading names in the industry.

## Why exhibit?

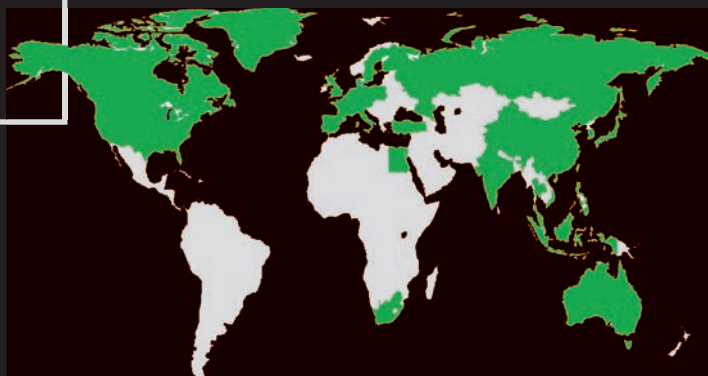

- New business
- Brand promotion
- Face-to-face meetings
- Customer connection
- Market trends
- Cost-effective platform

## EXHIBITING COMPANIES

# 2,073

## EXHIBITING COUNTRIES 31

## Visitor profile

Present your company to over 36,000 of Indonesia's decision makers and meet key business partners face-to-face from the following industry sectors:

- Automotive and supply industries
- Aerospace industry
- Aerospace MRO industry
- Defence industries
- Electrical and electronics engineering
- Fine mechanics and optics
- Ironware and pressed metal industries
- Machine and apparatus construction
- Machining and working plants for new materials
- Metal fittings industry
- Metalworking, turning and milling shops
- Pipe and wire machining and working plants
- Railway vehicle manufacturing and supply industries
- Service providers
- Sheet metal working plants
- Shipbuilding
- Surface finishing, hardening
- Steel and light alloy construction
- Tool grinding shops
- Tool, mould, and jig making

## Exhibitor profile

Machine Tool Indonesia is the perfect platform for companies accessing new markets and exporting the following products and services:

- Drilling and boring machines
- EDM machines, metal-removing machine tools
- Forming machine tools
- Gear cutting machines
- Grinding machines, abrasives
- Hardening and heating machines, heat treatment
- Honing, lapping, polishing and deburring
- Industrial electronics, controllers and drives
- Industrial grade computer hardware and software
- Industrial health and safety
- Information technology and automation
- Internet applications, e-business
- Laser and waterjet cutting machines
- Lubrication and cooling, disposal
- Machine parts, components and accessories
- Machining centres, flexible manufacturing, milling machines
- Manufacturing and process automation
- Materials handling, assembly, industrial robots
- Measurement and testing, quality assurance
- Precision tools, chucks and clamps, tool and mould making
- Rapid prototyping
- Sawing machines, saw blades, parting-off grinders
- Service providers, associations, publishers, engineering offices
- Sheet metal working machines and centres, shears, punches, nibbling machines
- Surface finishing machines
- Tool grinding machines
- Turning machines and automatic lathes

## The organisers

Machine Tool Indonesia is organised by PT Pamerindo Indonesia and marketed worldwide by UBM Allworld offices in Singapore and London. A complete list of shows organised by UBM Allworld can be found at [allworldexhibitions.com](http://allworldexhibitions.com).

## The venue

Jakarta International Expo Kemayoran is a world-class venue located on 44 hectares of land at the heart of the capital city of Indonesia. Their strategic location means it has become the number one choice for local and foreign companies looking to exhibit their products and services in Indonesia.
